HOTEL ROMA AURELIA ANTICA

HOTEL & Congress Center
Reginal Hotels group is the first buyer of public artworks created by international Street Art artists.

On the Hotel Capannelle Appia Antica facades, Andrew Pisacane, known as Gaia from New York, has realized “Mobility”. The young American artist, mentioned by Forbes among the “under 30” American that will change the future of our imaginary, places on the spotlight of his pictorial cycle, the historical figure of Spartacus, leaving a message that wants to inspire freedom, mobility and happiness.

On the surfaces of the Hotel Roma Aurelia Antica has been created a monumental firework “Roma 0116”, by the artist Moneyless, and a diptych “Don’t care” by Salvo Ligama, who has decorated the facades of the Congress Center. Both works want to stress the concept of hope and the progress of consciousness.
